

I am requesting that LPFM stations are not given priority over other FM stations. I listen to KLOVE, at work and in my car. I know there is a difference in my work place when co-workers listen to KLOVE, attitudes have changed and stresses seem less. I believe it is a positive and upbeat station that benefits everyone that listens to it. If this FM station were to be displaced by an LPFM broadcaster I think it would be evident in a very short time the negative effect it would have on people in my workplace as well as the general public at large.
